

Justin Morrow – 08/14/26

Assignment: CSD-440 Module 1.3 (My First PHP Programing Assignment)

## Justins First PHP Program

The 1st line is using "echo" to display the first variable value

The 2nd line is using "print" to display the second variable value

The 3rd line is using "echo" to display the calculated value of variable 1 + variable 2

The 4th line is using "print" to display the calculated value of variable 1 + variable 2

```
$var1 = 47  
$var2 = 20  
$var1 + $var2 = 67  
$var1+ $var2 = 67
```
